

## **GIVE ME A HEART FOR SHARING MY BREAD**

Brother, my sister, I am tired and hungry  
Give me food, I refuse your bombs  
Look at me, my hands are empty  
Let us fight for bread, stop the bombs

Refrain:

Give me a heart for sharing my bread  
Give me peace, into my life and death

Children die, crying for protection  
My hands are too small, too greedy  
Brother, my sister, fight for one solution  
Let us live together, liberated from cruelty

Refrain:

Where is your peace in a violent world?  
What is my share in a dying society?  
I do believe in transformation of the world  
When our hearts awake for love and humanity

Refrain:
